

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 7, 1996

SUBJECT: **HB 2016 - SB 2174**

This bill, if enacted, will require the Tennessee bureau of investigation to develop uniform procedures for the collection and preservation of human biological specimens for DNA analysis in certain suspected sex offenses for which the director believes DNA specimens will aid in the detection, apprehension and conviction of the perpetrator.

The fiscal impact from enactment of this bill is estimated to result in an increase in state expenditures of approximately \$2,000 for the processing of additional specimens for DNA analysis.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
